

### CLAIM AMENDMENTS

Claims 1-4 (canceled).

Claim 5 (withdrawn): The herbal composition, as recited in claim 3, is prepared by a preparation method comprising the steps of:

- a) providing said predetermined quantity of *Toona sinensis*;
- b) providing said predetermined quantity of *Heracleum lanatum* wherein said *Toona sinensis* and said *Heracleum lanatum* has a predetermined composition ratio by weight;
- c) adding said *Toona sinensis* and said *Heracleum lanatum* to form an essential composition having a predetermined volume;
- d) adding a predetermined volume of water to said essential composition to form a pre-heat mixture wherein said volume of water and said volume of said essential composition has a predetermined mixing ratio of 1:1; and
- e) heating said pre-heat mixture under a predetermined temperature for a predetermined heating time to form an after-heat mixture.

Claim 6 (withdrawn): The herbal composition, as recited in claim 5, wherein said preparation process further comprises a step f) obtaining a final solution of said herbal composition by decantation.

Claim 7 (withdrawn): The herbal composition, as recited in claim 4, is prepared by a preparation method comprising the steps of:

- a) providing said predetermined quantity of *Toona sinensis*;
- b) providing said predetermined quantity of *Heracleum lanatum* wherein said *Toona sinensis* and said *Heracleum lanatum* has a predetermined composition ratio by weight;
- c) adding said *Toona sinensis* and said *Heracleum lanatum* to form an essential composition having a predetermined volume;

d) adding a predetermined volume of water to said essential composition to form a pre-heat mixture wherein said volume of water and said volume of said essential composition has a predetermined mixing ratio of 1:1;

e) heating said pre-heat mixture under a predetermined temperature for a predetermined heating time to form an after-heat mixture; and

f) obtaining a final solution of said herbal composition by decantation for external application.

Claim 8 (withdrawn): A process of treatment for diabetes comprising the steps of:

a) providing a treatment plan having a predetermined number of days and a predetermined number of dosages of herbal composition with respect to each of said number of days;

b) administering said number of dosages of herbal composition with respect to said number of days according to said treatment plan;

wherein said herbal composition comprises a predetermined quantity of *Toona sinensis*.

Claim 9 (withdrawn): The process, as recited in claim 8, wherein said predetermined number of days is 30 days from a first day to a thirtieth day.

Claim 10 (withdrawn): The process, as recited in claim 9, wherein said predetermined number of dosage is 60 and said treatment plan comprises two dosages of herbal composition in each said number of day, a first time in the morning and a second time at night.

Claim 11 (withdrawn): The process, as recited in claim 8, wherein said *Toona sinensis* consists of leaves of *Toona sinensis*.

Claim 12 (withdrawn): The process, as recited in claim 9, wherein said *Toona sinensis* consists of leaves of *Toona sinensis*.

Claim 13 (withdrawn): The process, as recited in claim 10, wherein said *Toona sinensis* consists of leaves *Toona sinensis*.

Claim 14 (withdrawn): The process, as recited in claim 11, wherein said quantity of *Toona sinensis* is 25 leaves in said first day and an addition of 5 more leaves in each following consecutive day.

Claim 15 (withdrawn): The process, as recited in claim 12, wherein said quantity of *Toona sinensis* is 25 leaves in said first day and an addition of 5 more leaves in each following consecutive day.

Claim 16 (withdrawn): The process, as recited in claim 13, wherein said quantity of *Toona sinensis* is 25 leaves in said first day and an addition of 5 more leaves in each following consecutive day.

Claim 17 (withdrawn): The process, as recited in claim 8, wherein said treatment plan further comprises a predetermined quantity of *Heracleum lanatum* in said herbal composition, wherein said quantity of *Heracleum lanatum* and said quantity of *Toona sinensis* are equal in weight.

Claim 18 (withdrawn): The process, as recited in claim 9, wherein said treatment plan further comprises a predetermined quantity of *Heracleum lanatum* in said herbal composition, wherein said quantity of *Heracleum lanatum* and said quantity of *Toona sinensis* are equal in weight.

Claim 19 (withdrawn): The process, as recited in claim 10, wherein said treatment plan further comprises a predetermined quantity of *Heracleum lanatum* in said herbal composition, wherein said quantity of *Heracleum lanatum* and said quantity of *Toona sinensis* are equal in weight.

Claim 20 (withdrawn): The process, as recited in claim 11, wherein said treatment plan further comprises a predetermined quantity of *Heracleum lanatum* in said herbal composition, wherein said quantity of *Heracleum lanatum* and said quantity of *Toona sinensis* are equal in weight.

Claim 21 (withdrawn): The process, as recited in claim 12, wherein said treatment plan further comprises a predetermined quantity of *Heracleum lanatum* in said

herbal composition, wherein said quantity of *Heracleum lanatum* and said quantity of *Toona sinensis* are equal in weight.

Claim 22 (withdrawn): The process, as recited in claim 13, wherein said treatment plan further comprises a predetermined quantity of *Heracleum lanatum* in said herbal composition, wherein said quantity of *Heracleum lanatum* and said quantity of *Toona sinensis* are equal in weight.

Claim 23 (withdrawn): The process, as recited in claim 14, wherein said treatment plan further comprises a predetermined quantity of *Heracleum lanatum* in said herbal composition, wherein said quantity of *Heracleum lanatum* and said quantity of *Toona sinensis* are equal in weight.

Claim 24 (withdrawn): The process, as recited in claim 15, wherein said treatment plan further comprises a predetermined quantity of *Heracleum lanatum* in said herbal composition, wherein said quantity of *Heracleum lanatum* and said quantity of *Toona sinensis* are equal in weight.

Claim 25 (withdrawn): The process, as recited in claim 16, wherein said treatment plan further comprises a predetermined quantity of *Heracleum lanatum* in said herbal composition, wherein said quantity of *Heracleum lanatum* and said quantity of *Toona sinensis* are equal in weight.

Claim 26 (withdrawn): The process, as recited in claim 14, wherein said herbal composition is prepared by the steps of:

- a) providing said *Toona sinensis* having a predetermined volume;
- b) adding a predetermined volume of water to said *Toona sinensis* such that said volume of *Toona sinensis* and said volume of water are equal;
- c) heating said *Toona sinensis* and water and obtaining a final solution.

Claim 27 (withdrawn): The process, as recited in claim 16, wherein said herbal composition is prepared by the steps of:

- a) providing said *Toona sinensis* having a predetermined volume;

b) adding a predetermined volume of water to said *Toona sinensis* such that said volume of *Toona sinensis* and said volume of water is equal; and

c) heating said *Toona sinensis* and water and obtaining a final solution.

Claim 28 (withdrawn): The process, as recited in claim 26, wherein said *Toona sinensis* is fully immersed in water in step (b).

Claim 29 (withdrawn): The process, as recited in claim 27, wherein said *Toona sinensis* is fully immersed in water in step (b).

Claim 30 (withdrawn): The process, as recited in claim 26, wherein said volume of water in step (b) is six cups and said final solution in step (c) has a volume of 2 cups.

Claim 31 (withdrawn): The process, as recited in claim 27, wherein said volume of water in step (b) is six cups and said final solution in step (c) has a volume of 2 cups.

Claim 32 (withdrawn): The process, as recited in claim 26, wherein said volume of water in step (b) and said final solution in step (c) has a ratio by volume of 3:1.

Claim 33 (withdrawn): The process, as recited in claim 27, wherein said volume of water in step (b) and said final solution in step (c) has a ratio by volume of 3:1.

Claim 34 (withdrawn): The process, as recited in claim 28, wherein said volume of water in step (b) and said final solution in step (c) has a ratio by volume of 3:1.

Claim 35 (withdrawn): The process, as recited in claim 29, wherein said volume of water in step (b) and said final solution in step (c) has a ratio by volume of 3:1.

Claim 36 (currently amended): A herbal composition for treatment of a patient having diabetes mellitus, arthritis, and neuralgia, wherein said herbal composition comprises a predetermined quantity of *Toona sinensis* for exerting an effect of lowering

blood glucose level and a predetermined quantity of *Heracleum lanatum* for posing anti-inflammatory effect on said patient, wherein said composition is interactively providing an elevated effect of treatment diabetes, arthritis and neuralgia,

wherein said herbal composition is prepared by the steps of:

a) providing said predetermined quantity of *Toona sinensis*;

b) providing said predetermined quantity of *Heracleum lanatum* wherein said *Toona sinensis* and said *Heracleum lanatum* has a predetermined composition ratio by weight, wherein said *Toona sinensis* is fully immersed in six cups of water;

c) adding said *Toona sinensis* and said *Heracleum lanatum* to form an essential composition having a volume of two cups;

d) adding a predetermined volume of water to said essential composition to form a pre-heat mixture wherein said volume of water and said volume of said essential composition has a predetermined mixing ratio of 1:1; and

e) heating said pre-heat mixture under a predetermined temperature for a predetermined heating time to form an after-heat mixture, wherein said volume of water in step (b) and said final solution in step (c) has a ratio by volume of 3:1,

wherein said herbal composition is administered through a process of treatment for diabetes comprising the steps of:

providing a treatment plan having a predetermined number of days and a predetermined number of dosages of herbal composition with respect to each of said number of days; and

administering said number of dosages of herbal composition with respect to said number of days according to said treatment plan, wherein said herbal composition comprises a predetermined quantity of *Toona sinensis*, and said *Toona sinensis* is fully immersed in water.

Claim 37 (previously presented): The herbal composition, as recited in claim 36, wherein said *Toona sinensis* is leaves of *Toona sinensis* and said *Heracleum* is roots of *Heracleum lanatum*.

Claim 38 (previously presented): The herbal composition, as recited in claim 36, wherein said quantity of *Toona sinensis* is not less than said quantity of *Heracleum lanatum* by weight.

Claim 39 (previously presented): The herbal composition, as recited in claim 37, wherein said quantity of *Toona sinensis* is not less than said quantity of *Heracleum lanatum* by weight.

Claims 40-43 (canceled).
